Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative initiated a telephonic interview with the Examiner of record to discuss the notice of non-response amendment. Applicant's representative discussed amending the current claims, directed to a mould cavity insert, back to being directed to a matrix substrate, the originally presented invention. The Examiner agreed that restoring the claims to the originally claimed matrix would be a responsive amendment, provided Applicant did not introduce any new combinations.
